SUBJECT: Summary of Resume Experience

DATE: September 21, 2007

I worked about twenty-five (25) years in the Office of Research, Evaluation, and Assessment of the Detroit Public Schools. My job was to develop. Evaluate, and recommend redirection, cancellation or replication and expansion of innovative educational federal programs. In addition to my research and evaluation of federal programs, I worked very closely with federal program writers in developing programs and budgets in the application for federal grants.

Since my retirement, I have been working as an independent consultant. I have worked for Central Michigan University for the last nine (9) years helping their Public School Academies to develop their School Improvement Plans. I have also worked with nine (9) public schools and fifteen (15) public school academies as a facilitator for Schoolwide Title I Training. I have worked with over fifty (50) schools the last ten (10) years with the School Improvement Plans and Schoolwide Title I Plans.
